What People Are Saying

"Loved the two power-points. Thank you for making them available to one and all. These are straight-forward and high-quality presentations on the Three Central Figures of the Bahá'í Faith and on Baha'u'llah's 19th-century addresses to the Kings, clergy and rulers of the earth. So many will find them to be a wonderful introduction to the Teachings of the Faith and its history, enticing them to delve deeper." **— Shannon Javid**

"We are in the midst of an IPG here (about 50 KM from Melbourne). The children said a few prayers to open the meeting. Then we heard some live violin music and sang together. Next we watched the Central Figures PowerPoint. People took turns reading the slides. It was a lovely equalizer. Children read. Persians read. Seekers read. The seekers quietly asked questions of their friends who sat next to them. I thought you might like to know that in the Central Figures, when it came to 'Look at me follow me, be as I am…' they decided to sing that song, which they did with great enthusiasm, accompanied by the violin. I'm glad I got these PowerPoint programs prior to the trip. As anticipated, they are very useful. God bless you!" **— Nancy Watters**

"Very beautifully done! May a multitude of souls be attracted by its beautiful simplicity, eloquence and power!" **— Doug Paik**

"Today was amazing! I was so blessed to be able to give TWO firesides using your PowerPoint. Yolanda absolutely loved it and agreed with everything! She was excited to learn more. I invited her to join the Bahá'í World community in building God's Kingdom on Earth. The second fireside was presented to Joe when we met for Book 1. It was awesome! I really think the medium of the PowerPoint is a dynamic complement to the Ruhi learning mode. It was truly profound. There is no doubt that these presentations will be a key tool in the direct teaching methods in this neighborhood. Can't wait!" **— Jessica Kerr**

"You'll be happy to know that the PowerPoint is up and running on the system that plays programs automatically throughout the day on the large wall-mounted TV in the lobby, so it is busy teaching various folks who use the Bahá'í Center!" **— Dale Eng**

"I've been viewing the PowerPoints. What a beautiful job you have done! I could see these used at Holy Days, devotionals and firesides, or for personal teaching. Thank you for this wonderful gift!" **— Connie King**

"'Central Figures of the Bahá'í Faith' is a fantastic presentation and I really liked the image effects, especially the reflections of the books written by Bahá'u'lláh. It is very understandable and not complicated, so it would be excellent to use for youth." **— Seth Walker, Youth**
