What People Are Saying

"Wow! This is certainly a Bahá'í tour de force! A most wonderful and streamlined flow and blending of visuals and text. A long-awaited and needed tool for the Cause! As I was reviewing the slides, I could see myself using this Fireside to teach! Yes! Yes! Yes!" **— Aggie Toyoda**

"A huge THANK YOU to Randie Gottlieb for creating excellent presentation materials on the Baha'i Faith! I used her power point slides to give a talk on the Faith to my neighbors tonight. Her tools make it easy and fun!" **— Roya Bauman**

"This is an excellent tool for use in teaching the Cause...By providing a solid foundation, the Bahá'í Principles program allows for teaching to proceed as the seeker desires, rather than as the presenter insists. Another gem from UnityWorks!" **— Derek Cockshut**

"What an amazing presentation to assist in grassroots conversations sharing the Bahá'í Faith—and it would be a great resource for study circles in any community. Clearly, the Bahá'í principles lay the foundation for community building and this wonderful PowerPoint assists in public discourse and social action on both a neighborhood and cluster level. Well done and thank you!" **— Jessica Kerr**

"I LOVE this new PowerPoint. It pulls together all the teachings and would be a wonderful way to finish out the fireside series. It even brought tears to my eyes." **— Dr. Susan Walker**

"The PowerPoint is beautiful. I love it on so many levels. You have done a visually beautiful job as well as an incredible job in getting the message out. It is so simple and so clear and so easy to follow. It just seems so logical." **— Beth Shevin**

"Thank you, Randie! I actually gave the fireside last night. It went well. There was only one seeker there, but 18 Baha'i's came in support and many of them had never seen your power point before. They thought it was excellent. What a wonderful gift you have provided. The power points make it so much easier to give a clear, focused, and productive fireside. Thank you!" **— Leilani Kollasch**
