Five Year Plan: The Song

Liven up your cluster reflection meetings!

This rousing song will help you to remember and celebrate the basics of the Five Year Plan, including:

- Core activities and IPGs
- Junior youth groups and entry by troops
- Moving through the sequence of courses and learning to draw on spiritual forces

It's fun to sing!

"All that you need is in the Five Year Plan.
Whoa……In the Five Year Plan."

Sung to the tune of "For the Longest Time"
Check YouTube for different a cappella versions.

(The words in bold type should be sung with emphasis.)

In the Five Year Plan

(To the tune of "For the Longest Time")

Whoa……In the Five Year Plan. (2x)

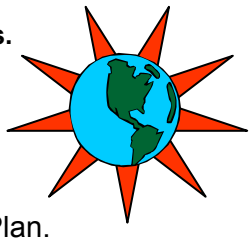

The House of Justice wrote to us to say,
The old world order's crumbling away,
We'll build a new one,
So come **on** let's **get** a move on,
All that you need is in the Five Year Plan.

Families, neighbors, co-workers and friends,
Learning of the message that God sends,
Opening **their** hearts,
Adding to our **pyramid** charts,
All that they need is in the Five Year Plan.

Whoa……In the Five Year Plan. (2x)

Study circles, children's class and prayers,
Fellowship where everybody shares,
With junior youth groups,
Outreach and **entry** by troops,
All that we need is in the Five Year Plan.

Moving through the sequence of courses,
Learning to draw on spiritual forces.
Multiplying core activities,
We build communities, establish IPGs.

Clusters move from C to B to A,
Collaborating with each LSA,
So that our nation,
Will reach its spiritual station,
All that we need is in the Five Year Plan.

Learning how to systematize,
Has now crystallized in a world enterprise.
Teaching is our dominant concern,
We're learning how to learn, in a framework for action.

The course is set, there **is** no time to lose,
In visiting homes and sharing the good news,
No vacillation,
So cancel **that** vacation,
All that you need is in the Five Year Plan.

Whoa……In the Five Year Plan. (4x)
